House with an independent apartment, garage, large gardens front and back and stunning seaview. 3 floors high, with a total of over a 150m2 living space. The authentic details with modern conveniences are the perfect eclectic combination of ‘old’ and ‘new’.

It is located in a lively area of Albufeira, with all amenities like hospital, supermarkets, and bus stops, within walking distance. Several beaches (f.e. Oura, Santa Eulália, Pedro dos Bicos) are within 20 minutes walking, and bars and restaurants are around the corner. Though it is a lively neighbourhood. This particular area within that neighbourhood is still quiet and partly residential.

The entrance at the front offers parking space on your own terrain or ample street parking. Walking a few steps down, you will access the independent apartment. A few steps up will take you to the front door of the main house.

The main house
In the main house the spacious hall welcomes you. Via the authentic stairway the biggest surprise is waiting for you when arriving at the top of the stairs; the most stunning seaview. On this 2nd floor you find a very spacious living with open plan modern kitchen, high ceiling, sliding doors that fully open, with access to a spacious balcony and a cozy fireplace for romantic winter evenings, indoor and outdoor.

The view from this floor will never bore you. Sunrise with beautiful pink, orange and purple skies on the left and in the evening the sunset, with amazing colours in the sky on the right. The elevated position offers you a view over Albufeira, Oura and Sta. Eulália as far to the east as Vilamoura and the beautiful rocks of Praia da Falésia.

On the first floor you find two bedrooms, a bathroom and a service bathroom. Both bedrooms have built-in cabinets. And both have access to the balcony and garden on the back side of the house.

The independent apartment
The apartment has its own entrance and consists of 1 bedroom, 1 bathroom, open plan kitchen and living. A patio at the front door for sunset wine moments and through the sliding doors in the living room you access the spacious terrace on the back. A small gate can keep your guests in the apartment from using the garden. Or not. Then just open the gate and there will be access to the big garden.

Garden
The garden offers plenty of space to enjoy the Algarvian outdoor living. A garden shower will provide cool down moments during sunny Summer afternoons. With fruit trees and herbal plants it is a very useful garden. And not much maintenance is needed. The calçadas Portuguesas make it look very Algarvian and give a playful pattern in the garden. From the garden you can access the garage, and take a shortcut to the lively environment of Oura and Sta. Eulalia. Just 10-20 minutes walking. The garden has perfect sun exposure; sunrise in the morning and sunset in the evening.
