Three of the 4 bedrooms are adjacent to a bathroom with an elegant walk-in shower. This makes this home the embodiment of elegance and functionality. Each room is equipped with air conditioning for optimal climate control, complemented by ceiling fans with integrated lighting.

The house has new windows and floors, improving both aesthetics and energy efficiency. The kitchen is a dream for any cooking enthusiast, equipped with high-quality appliances such as the collaborative induction hob with the hood or the water filtration system for pure drinking water.

The property features a borehole and is connected to municipal water. There is a large water tank for storage and a 6-phase automatic irrigation system. The irrigation system maintains the beautiful vegetation around the house. Thoughtfully designed outdoor lighting gives the landscape a beautiful ambiance.

Security is a top priority. The house is equipped with an alarm system and CCTV surveillance. Great for your peace of mind when you're not there.

Solar panels provide hot water. The separate laundry room is practical for daily tasks. Electric shutters and a home automation system further enhance convenience.

Outside, the plot is planted with fruit trees, adding a natural touch to the beautifully landscaped gardens. A pool with salt filtration and heat pump. A convenient outdoor shower and toilet so you don't have to enter with wet feet.

Other features:

-Garage (80m2) for multiple cars
-Outdoor kitchen/ BBQ
-Annex, used as office and fitness space
-Electric gate
-Pre-installation for pellet stove

The location is very private, with no neighbors overlooking, and just a few minutes' drive from the village of Guia, where you can enjoy delicious piri-piri chicken dishes and find the Algarve shopping center. The beaches are about 15 minutes' drive from this villa.

There is also the possibility to purchase the adjacent plot, which is a total of 8,500m2. The plot is flat and therefore ideal for, among other things, horse lovers.
